OBJECTIVE

Computer Science and Engineering student with expertise in Java, Python, web development, databases, and data analytics, along with growing experience in AI/ML and cloud technologies. Passionate about building innovative solutions, solving complex problems, and continuously learning emerging technologies. Seeking opportunities to contribute to impactful projects while developing industry-relevant skills across software engineering, data science, artificial intelligence, and cloud computing.

EDUCATION

Annasaheb Dange College of Engineering & Technology (ADCET), Ashta

2023 – 2027

B.Tech – Computer Science & Engineering

CPI: 8.81

Minor Specialization: Industrial Engineering (Mechanical Department)

Higher Secondary Certificate (HSC), Maharashtra State Board

2023 — 61.33%

Secondary School Certificate (SSC), Maharashtra State Board

2021 — 69.80%

SKILLS

Programming Languages: C, CPP, Java, Python

Web Technologies: HTML5, CSS3, JavaScript

Databases: MySQL, MongoDB, Supabase, Firebase

Cloud : AWS (EC2, S3, RDS, IAM, VPC – Basic), Git, GitHub, Basics Linux

Data Analytics & Visualization: Power BI, Tableau, Pandas, NumPy, SQL

Core CS Concepts: Data Structures & Algorithms (Basic), Object-Oriented Programming (OOP), DBMS Fundamentals

Soft Skills: Problem Solving, Analytical Thinking, Leadership, Team Collaboration, Communication, Time Management

INTERNSHIP EXPERIENCE

Python Full Stack Developer Intern

Jun 2025 – Aug 2025

PrepGrad (Remote)

- Worked on Python-based full-stack development tasks including backend logic and database integration.
- Followed structured development workflows and collaborative coding practices.
- Used Git and GitHub for version control and team collaboration.

Google AI-ML Virtual Internship

Ongoing

Google for Developers × EduSkills — Cohort 17

- Selected for the Google AI-ML Virtual Internship Program.
- Currently undergoing structured training in Artificial Intelligence and Machine Learning concepts.
- Learning machine learning workflows, model development fundamentals, and AI application development.
- Working through industry-oriented learning modules and hands-on exercises.

PROJECTS

FaithGuard – AI-Assisted Community-Driven Lost & Found System – [View Repository](#)

- Built a Progressive Web App delivering 5+ functional modules, including lost item reporting, browsing, messaging, and notifications.
- Engineered QR-based anonymous authentication using Firebase to eliminate the need for traditional login systems.
- Integrated Google Maps API and Firebase Cloud Messaging to enable location tagging and real-time notifications.

Tech: React, JavaScript, Firebase, Google Maps API, Vertex AI, PWA

Cloud Image Recognition System – [View Repository](#)

- Built a Python desktop GUI application with 4+ image analysis features, including OCR text detection, object detection, face recognition, and landmark detection.
- Integrated the Google Cloud Vision API to automate image analysis.
- Implemented Firebase Authentication and Google Cloud Storage for secure image storage.

Tech: Python, Tkinter, Google Cloud Vision API, Firebase Authentication, Google Cloud Storage

Sales Data Analysis Dashboard – [View Repository](#)

- Performed exploratory data analysis on a retail sales dataset using Python (Pandas, NumPy).
- Wrote 10+ SQL queries to analyze sales trends and regional performance.
- Built an interactive Power BI dashboard with 6+ visualizations, including revenue trends and top-selling products.
- Generated insights highlighting high-performing product categories and regions.

Tech: Python, Pandas, NumPy, SQL, Power BI, Jupyter Notebook

ACHIEVEMENTS & LEADERSHIP

ADCET International Hackathon Season 3 – Finalist

2026

- Developed FaithGuard, an AI-assisted lost & found system.

Founder – The IT Crew Club

2025 – Present

- Founded a placement-focused community with 30+ active members.
- Organized aptitude practice sessions, group discussions, and mock interviews.

Training & Placement Coordinator – CESA

2025

- Assisted in organizing training sessions and campus placement activities.

CERTIFICATIONS

- [IBM Data Analyst Professional Certificate – Coursera](#)
- [Data Science Professional Certificate – KNIME](#)
- [Principles of Management – NPTEL](#)
- [Oracle Cloud Infrastructure 2025 Certified Data Science Professional – Oracle](#)
- [Oracle Cloud Infrastructure 2025 Certified Generative AI Professional – Oracle](#)
